1. Message from the President

Hello everyone!

As I, newly appointed President & CEO, reflect on the Global Code of Conduct & Ethics (“COCE”) implemented 2 years ago, I feel a considerable responsibility to uphold TTC Group managements consistent emphasis on adhering to the highest possible standards of safety and corporate ethics.

As our business domains rapidly expand globally, we have more opportunities in diverse markets and with new partners. Since this will increase the complexity of decision-making and we must make these decisions swiftly, it is more and more important to uphold and implement the shared core values of our Group, derived from the COCE.

I value the Toyota Tsusho Group Way, which is the “DNA” of our company, “On-site, hands-on, in-touch”, “Teamwork” and “A passion for business”, and aspire for Toyota Tsusho Group to provide solutions to the issues of our customers and the society, create new value and contribute to the building of a prosperous future for all with our unique “Toyota Tsusho like work”.

I appeal to all members of Toyota Tsusho Group to ensure that each of you deeply understands these 10 Creeds of the COCE yourself, and to all managers to engage with your staff more frequently to ensure there is a shared, common understanding of why COCE is important.

We all must consistently put the COCE first, with integrity, and ingrain the COCE into our daily work.

Let us take up this challenge together!

2. Message from the Managing Director

Dear All,

Last year, we launched the 7 behaviors of I am Toyota, among them, Integrity. Our reputation is built on our values as a company, the values of our employees, our collective commitment to conduct all business with integrity and our adherence to the highest standard of ethical business conduct.

Our Company's long-standing commitment to doing business with integrity means avoiding corruption in any form, including bribery, and complying with the anti-corruption laws of every country in which we operate.

CFAO has shared the Code of Conduct and Ethics (COCE), the anti-corruption and bribery policy (ABCP) and the anti-corruption and bribery procedures (ABCPR). All Toyota Kenya employees are required to read, understand and follow the precepts of them.

Our reputation for maintaining lawful and ethical business practices is of paramount importance and these guidelines are designed to preserve these values. The policy sets out in detail how you should behave and what you should do if you are confronted with unclear circumstances. I expect that all of you will embrace this policies and procedures and apply the principles outlined in all aspects of your day to day work.

The senior management and I are fully committed to conducting the Company's business with the highest level of integrity, and we expect your strict compliance with the COCE and the anti-bribery and anti-corruption policy and procedures.

The new COCE, ABCP and ABCPR will be rolled out by our risk department and together with them, I remain available for any concerns. All Tken employees are expected to adhere to these standards without exception.
